

SOLENT+ PLUS Spill Kits - Chemical
SPILL CONTROL

C

Many situations require a permanent supply of absorbents to be on hand. Solent Plus™ spill kits are a cost-effective answer to this requirement. Chemical Spill Kits range in capacity from 10ltr up to 1,000ltr. They are packed with sufficient absorbents to cope with a spill up to the size shown. Maintenance Spill Kits can be found on pages 743 & 746 Oil Spill Kits can be found on pages 744, 747 & 749.

Metal Spill Centres

Our absorbent dispensing units ensure that absorbents are always readily available by providing a simple yet effective system for storing, dispensing and managing a variety of absorbents. Spill dispensing units have the added advantage of ensuring that emergency spill kits are not robbed and therefore depleted of product. It is also easy to overlook the importance of proper stock management.
