

**Concrete and Etching/  
Acid Staining Sprayers**

**Concrete**—Spray solutions up to 30% to 35% solids. Chemical-resistant models are resistant to acetone, naphtha, xylene, and toluene.

**Etching/Acid Staining**—Use for staining concrete. Acid- and chemical-resistant seals and gaskets.

**Spot, Trailer, ATV, and Skid Sprayers**

Sprayers are large enough to apply insecticides and herbicides to lawns, acreages, fence rows, and ditches. Fimco sprayers are made of corrosion-resistant poly and include a full-length drain sump and handgun nozzle. Chapin sprayers feature chemical-resistant tanks. 416P35 to 416P37 include a triple filtration system that helps extend life of sprayer. 4NED5 is equipped with a pump kit that fits most roller pumps. Use with 3YB55, 6-roller pump, sold on page 2693.
