

Propane Weed Burner Torches

Easy-to-use method for controlling weeds. Ideal for use around rocks, pavers, driveways, and along fences. Can be used to melt snow and ice on driveways, sidewalks, and steps.

Hand Torches and Torch Kits—Ideal for spot weeding and pin-point flaming where a full continuous flame is not needed. Require a standard vapor withdrawal cylinder.

Shop Torch Kit—Ideal for small jobs where a large torch is too powerful or difficult to use.

Backpack Torch Kit—Excellent for spot weeding or where a continuous full flame is not required. Suitable for forest service use, farm, garden, and municipalities.

Description	Propane BtuH	Brand	Item No.
Hand Torches with 1-lb. Cylinder Connector

Landscape Fabric, Plant Protection, and Weed Barrier

Anchor Pins—11-ga. steel pins can also be used on drip irrigation tubing.

Landscape Fabric and Weed Barrier—Tear-resistant Landscape Fabric helps control weed growth, and is striped every 12" to aid with plant alignment. Weed Barrier blocks weeds and conserves moisture, while allowing air, water, and nutrients to reach plants.

Plant Protection—Lets through air and moisture, while helping protect plants and flowers from freezing temperatures.

Herbicides and Horticultural Vinegar

All herbicides meet EPA standards.

Grass and Weed Killer—Available in RTU and concentrated formulas. Concentrate comes in 32-oz. bottles that make up to 10 gal. of usable product. Spectracide Weed and Grass Killer is a nonselective herbicide that will kill any plant that it comes into contact with.

Vegetation Killer—Works in soil and is soil active. Use on driveways, patios, and sidewalks to kill a variety of vegetation. Provides visible results in 24 hours and prevents regrowth for up to 1 year if applied as instructed.

Tree and Brush Killer—5WXR8 kills cut stumps and stops resprouts. Features a blue dye to let you keep track of treated stumps. 8MJY0 is for broad-spectrum control of brush, broadleaf weeds, and multiple woody species.
