

**Rigging Line
(Bull Rope)**

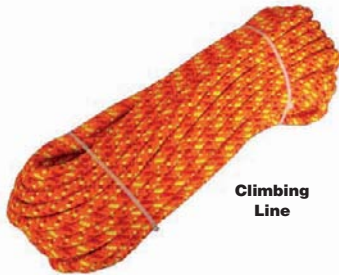

Arborist Rope

Rigging Line Rope (Bull Rope)—Double braid composite has a polyester jacket and nylon core. Urethane-coated, abrasion-resistant rope knots well.

Climbing Line Rope—Premium polyester construction. Good for tree climbing and no-pulley rigging. Knots well.

Throw Line—3LAW1 and 12A632 to 12A634 are made from 100% Dyneema. Smooth braided line with a high-tensile strength. Extremely slick. 3LAW2 and 12A631 are made of 100% braided polyethylene.

Kernmantle Ropes

■ Meet NFPA 1983

Vector 12.5mm static rope is designed for fire rescue teams, with low stretch and large diameter for strength and handling when manipulating heavy loads, even in conditions such as water, dust, and mud.
