

Floor Protection Film

Plasticover™ TRIMACO
Floor and Multisurface Protection

Floor Protection Film—Temporary, self-adhesive film protects multiple surfaces including tile, vinyl, hardwood, VCT, laminates, marble, granite, countertops, and factory-finished hardwood. Applies quickly and removes easily. Can be left in place for up to 60 days.

Reinforced Kraft Paper—Nonadhesive, waterproof, tear-resistant paper can be taped down to protect virtually any surface. Heavy-duty kraft paper is bonded with polyethylene and reinforced threading provides durability for long-term usage.

Temporary Floor Protection Board—Nonadhesive fiber paper board protects against scratches and impact. Recycled content may qualify builder for LEED points.

Plasticover™
Rosin Paper

High-quality, single-ply protection paper is commonly used to protect floors, windows, counter tops, fixtures, and many other surfaces during construction and remodeling. It can be applied as an inner lining, "sheathing paper" in walls, roofing, or wood flooring applications to protect against wind and dust infiltration, while minimizing squeaks.

Available in standard red or brown (for dye leakage concerns in wet applications).
