## Adaptable-Design Utility Carts with Deep Lipped Plastic Shelves

Adaptable-design carts can be reconfigured for different tasks. Ergonomic handle can be repositioned for operator comfort. Flip-up shelf provides a flat work surface on top. Tool-holding slots, snap hooks, and other storage features keep items organized. V-notch holds pipe or conduit during cutting. Shelves have a tall lip that contains spills and stops items from sliding off. Two locking swivel casters and two rigid casters. Assembly required.

Load Capacity	Shelf Length	Shelf Width	Overall Length	Overall Width	Overall Height	Distance Between Shelves	Shelf Color	Item No.
500 lb	44 in	17 in	46 1/2 in	18 in	36 in	20 in	Black	406R89
	48 in	25 in	51 1/2 in	25 1/2 in	36 in	22 in	Black	406R91

### AKRO-MILS

## Utility Carts with Flip-Gate Flush Plastic Shelves

Shelves have hinged sides that flip up to create a lip that stops items from falling off, or flip down to create a flush surface that lets items easily slide on or off when loading and unloading. I-shaped support posts provide unobstructed access to the bottom shelf. Two swivel casters with brake and 2 rigid casters.

Load Capacity	Shelf Length	Shelf Width	Overall Length	Overall Width	Overall Height	Item No.
400 lb	28 in	17 in	42 in	19 in	34 in	5YM99
	32 in	22 in	46 in	24 in	34 in	4YT95

## Nestable Utility Carts with Perforated Lipped Plastic Shelves

Carts nest together to save space when storing. Perforated plastic shelves let liquids, dirt, and debris fall through them, which helps keep the shelves clean when used in dirty or wet areas. Shelves have a short lip that stops items from sliding off. Two swivel and two rigid casters.

## Convertible Utility Cart with Flush Plastic Shelf and Platform

Top shelf folds down to convert cart to a solid-back platform truck allowing it to carry tall and large items. Shelf and platform are flush, which lets items easily slide on or off when loading and unloading. Platform has a 250-lb. capacity. Four swivel casters; two are locking. Ships assembled.
