\* 2 swivel casters, 2 swivel casters with brake.  
† 2 swivel casters with brake, 2 rigid casters.

We put space to work.

**Wire Shelf and Utility Carts**

Wire shelves let dust and debris fall through and away from them, which helps keep them clean. Air can circulate through the shelves for ventilation, and users can see through the shelves to view their contents. All carts have four swivel casters, except as noted. **Heavy-duty** shelves are supported by square corner posts and can hold more weight than shelves that are supported with round corner posts.
