General Purpose Cube Trucks

36FL23

General purpose cube trucks are used for a variety of material-handling applications. They have a mix of rigid casters and swivel casters that allow them to both move around curves and obstacles and track a straight course while rolling.

Easy-Load Cube Trucks

The side cutouts on these trucks allow trash, packages, and other heavy or bulky objects to be loaded into the trucks without having to lift them over the full height of the trucks' container wall.
