Collecting Carts

Lightweight, collapsible carts have vinyl or vinyl mesh bags that fit securely over 1" powder-coated steel tubular frame. Antimicrobial bags are flame-retardant and resist mildew, UV-damage, and tears. All have four 3" polyolefin casters.

Medical Exchange Carts

Used to transport and store linens and supplies in healthcare facilities. Wire mesh shelves and walls let air circulate through the carts, keep contents visible, and allow dirt to fall through to keep them clean. Bins, dividers, and other optional accessories can be added to organize items on the adjustable-height shelves. All have two standard swivel casters and two swivel casters with a brake, unless noted.

Load Capacity	Overall Height	Shelf Length	Shelf Width	Shelf Dia.	Caster	Includes	Item No.
