

**ROBERTS**

**Adjustable-Length Open-Deck Dollies**

Deck can be made longer or shorter to hold various load sizes. Deck has a large open space in the middle that prevents debris from collecting. 4ZD55 is a low-profile dolly that raises loads by less than 1", which keeps equipment on the dollies close to the ground.

Deck Surface	Load Capacity	Deck LxWxH	Caster Wheel Type/Material	Caster/Wheel Configuration	Color	Brand	Item No.
<b>Wood Dollies</b>							
<b>Flush End</b>							
Carpeted	1,000 lb	12 in x 4 3/4 in x 3 1/4 in	Tread on Core Polypropylene	(4) Swivel	Black	—	52TW99

Smooth	500 lb	—	Solid Rubber	(2) Rigid, (2) Swivel	Black	—	4ZD55

\* Sold as a pair.

**Wire General Purpose Dollies**

Wire deck has large openings that allow air to circulate and let dirt and debris fall through, which helps keep dollies clean. Can support bags and other irregularly shaped loads. Raised edge prevents items from sliding off the dollies while moving.

Load Capacity	Deck LxWxH	Caster Wheel Type/Material	Caster/Wheel Configuration	Color	Item No.
880 lb	24 1/2 in x 16 1/2 in x 6 in	Tread on Core Polyurethane	(4) Swivel	Silver	2TUR1
	32 1/2 in x 24 1/2 in x 6 in	Tread on Core Polyurethane	(4) Swivel	Silver	2TUR2

**Perforated-Deck General Purpose Dollies**

Steel dollies have small openings that allow dirt and debris to fall through the deck, which helps keep it clean. Can support small items and irregularly shaped loads.

Load Capacity	Deck LxWxH	Caster Wheel Type/Material	Caster/Wheel Configuration	Color	Item No.
<b>Flush Ends &amp; Smooth Deck Surface</b>					
1,000 lb	36 in x 24 in x 4 in	Solid Rubber	(4) Swivel	Red	48J094
<b>Raised Ends &amp; Smooth Deck Surface</b>					
1,000 lb	36 in x 24 in x 6 in	Solid Rubber	(4) Swivel	Red	48J098

**Convertible Solid-Deck Plastic General Purpose Dollies**

Three-position handle can be used to push or pull the dolly like a platform truck. Handle folds flat when not in use to save space when storing the dolly. Solid deck prevents small items from falling through, and can support bags and other irregularly shaped loads.

Deck Surface	Load Capacity	Deck LxWxH	Caster Wheel Type/Material	Caster/Wheel Configuration	Item No.
