Industrial Cabinet w/Drawers & Pegboard 410Y39

Stationary Combination Cabinets

■ Adjustable shelves

Cabinets have a horizontal rod for hanging coats, uniforms, and other apparel as well as multiple shelves, or a combination of shelves and drawers to provide flexible storage options.

Corrosion-resistant cabinets are galvanneal steel and resist rusting when used in areas exposed to moisture or high humidity.

Solid doors provide security and conceal contents.

Ventilated doors have metal-mesh panes to allow air to circulate and prevent buildup of moisture and fumes.

Clearview doors have see-through panes that allow visibility to contents.
