## Drawer Cabinets

### Assembled

Drawers keep small or loose items contained and organized. Used for shared storage in a wide range of facilities, such as warehouses, factories, schools, hospitals, and retail stores.

**Cabinets with individually locking drawers** allow controlled access to stored items.

**Locking door cabinets** have a solid door that accepts a padlock, but individual drawers do not lock.

**Open-access cabinets** do not lock and provide quick accessibility to all contents.

## Plastic Small-Parts Drawer Cabinets

- Black cabinets with clear drawers
- Stackable
- Assembled

Plastic frames and drawers will not rust. Clear drawers allow full visibility to contents. Cabinets with the same width and depth can be stacked on each other to provide high-density storage.
