

## Metal Small-Parts Drawer Cabinets

- Powder-coated finish
- Metal frames and drawers
- Stackable, except for 4HU99

Hold and store small parts to keep them separate and organized. Drawers extend fully to allow access and visibility to items at the back. Provide shared storage in garages, workshops, electronics manufacturing and repair, and other applications where small parts are frequently used.

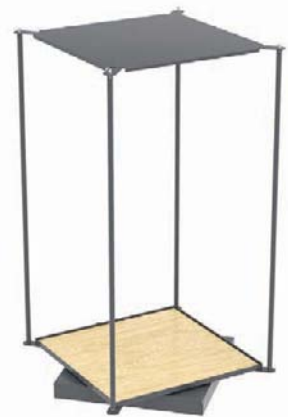

**Modular cabinets** can be stacked on top of other compatible drawer cabinets to provide high-density storage.

**Cabinets with base** are raised off the floor, allowing access beneath the cabinets for cleaning.

**Revolving storage rack** provides convenient access to all sides of storage bins.

**18-Drawer  
Cabinet  
2W265**

**Revolving  
Storage  
Rack Only (Cabinets  
Sold Separately)**

## Specialty Storage Units

- All-steel construction
- Gray powder-coated finish

### ROD WIRE SPOOL RACKS

Removable, plated-steel rods store and dispense spools of wire. Easy-to-assemble units can be counter-, wall-, or vehicle-mounted. Racks accommodate spools up to 10" dia.

### THREADED ROD RACK

Vertical rack has holes to hold up to 18 rods and keep them upright and ready for use.

### WIRE SPOOL STORAGE CABINET

Accommodates 24 3 1/2" spools. Features 16 grommets to guide wires and a box with 21 compartments for storing smaller components. Open front for easy access to wire.

### HYDRAULIC HOSE CABINETS

Vertical compartments hold coiled hoses to keep them organized and ready for use. Open front allows users to see contents at a glance. 49H244 holds a single hose; 49H245 holds 2 hoses; 49H246 holds 3 hoses.

### ROD STORAGE RACK

6 horizontal compartments hold welding rods to keep them organized and ready for use.
