## Stationary Wire Bin Shelving

■ 74"H

■ Steel frames with chrome finish

Steel wire shelving allows air, liquids, dust, and debris to pass through for ventilation and to keep shelves clean. Freestanding units hold multiple rows of bins to store tools, parts, and supplies. Efficiently utilize vertical space in supply rooms, stock rooms, and other storage areas.

**Open-Front Giant Hopper Bins**—Heavy-duty bins are made to hold large, bulky, or heavyweight items and tools. Open hopper front for easy access to contents.

**Open-Front Hang and Stack Bins**—Open hopper front with a lip. Back and side grips for easy handling. Can hang from rails or louvered panels and are stackable.

**Open-Front Indicator Bins**—Two-color bins have one brightly colored side so bins can be rotated to see at a glance when items have low inventory and need to be restocked.

**Open-Front Shelf Bins**—Raised front opening keeps items contained. Stackable.

Overall Width	Overall Depth	No. of Bins	►CHOOSE: Bin Color	Whole Unit Load Capacity	Brand	Item No.
