Tip-Out Bins

Stackable

Clear plastic bins tilt forward for access to contents and tilt back inside frame when not in use. Allow full visibility to contents while keeping items shielded from dust and debris. Order individual bins, or a horizontal plastic frame containing multiple bins

Quantum bins are freestanding or wall-mount. **Akro-Mils** bins can be mounted on a frame, panel, rail, or wall.

Replacement bins can be ordered to replace broken or damaged bins.

Overall Length	Overall Width	Overall Height	►CHOOSE: Color	Brand	Item No.	Replacement Bins

Straight Wall Containers

- Stackable
- Plastic construction

Square or rectangular containers have non-tapered walls and can accommodate larger items for storage and transport. Sturdy rims enable stacking and containers fit trucks, pallets, and dollies for moving or storage.

Fully Vented—Open mesh sides and bottoms for storing and transporting items that produce condensation or need airflow. Built-in handles. Ideal for transporting bottles, staging food products in refrigerated areas, and storing items outside.

Vented Wall—Open mesh sides with a solid bottom. Used to store and transport items that produce condensation or need ventilation. Built-in handles.

Solid—Smooth, strong walls and bottoms. Easy to clean and help conceal contents from view.
