6 Shelf with Hang and Stack Bins E1502

13 Shelves with Indicator Bins K5256

Stationary Bin Shelving

■ Gray steel frames

Metal units have multiple shelves that hold rows of plastic bins for separating and organizing parts, tools, and other items for quick access. Use for sorting and storing items in garages, supply rooms, and warehouses.

Closed-Front Drawer Bins—Drawer-style bins have four walls of equal height and smoothly slide in and out between shelves. Keep items securely contained and dust free. Shelving units have side panels to keep out dust and dirt.

Open-Front Hang and Stack Bins—Open hopper front with a lip. Back and side grips for easy handling. Can hang from rails or louvered panels and are stackable.

Open-Front Indicator Bins—Two-color bins have one brightly colored side so bins can be rotated to see at a glance when items have low inventory and need to be restocked.

Open-Front Shelf Bins—Raised front opening keeps items contained. Stackable.

Open-Front Stacking Bins—Heavy-duty bins with reinforced walls can hold large or heavy parts. Open hopper front.

Without Bins—Order bins separately to select the desired color, style, and quantity, starting on page 1291.
