J0555

Non-Collapsible Plastic Bulk Containers

- 4-way fork entry, except J0555, 55AA15 and 55AA16 are 2-way fork entry
- Stackable

Heavy-duty containers are suitable for storing and transporting heavy or large quantities of items. Can be securely stacked without damaging contents. Drop doors allow easy access to contents.

Decade Products— Impact-resistant HDPE containers are corrosion and UV resistant, reusable, and recyclable. Can be safely stacked with extra heavy loads. Runners add strength and help provide more stable stacking.

ORBIS—Heavy-duty molded polyethylene containers have an easy-to-clean smooth interior.

Buckhorn—Designed for heavy-duty applications in agricultural, manufacturing, and industrial settings.

Collapsible Plastic Bulk Containers

- 4-way fork entry
- Stackable

Heavy-duty containers made to hold heavy or large quantities of items. Resist corrosion, dents, and damage from ultraviolet light (UV). Easy to fold down and stack when not in use to save space. Commonly used in shipping, manufacturing, and warehouses. Drop doors provide easy access to contents.
