

Basics Workbench (Shown w/Optional Accessories)

Adjustable-Height Steel Cantilever Workbenches

- Load capacity: 750 lb., based on evenly distributed loads
- 1 1/8"-thick steel construction and uprights
- Dark blue powder-coated finish
- Workstations measure 30"D

The modular design allows custom workbench configuration. Nonmarking HDPE glides protect floors and make moving unit easy. Standard Grounding Kit 2MXJ3 includes 2 banana jacks and a mounting bracket.

Electric Workstations adjusts with electric hydraulics, making the benches ideal for multiple users. 3-position memory allows workers to preset and access their own height preferences. Assemble workstations with standard tools. 120V.

Starter units with add-on units enable workspace customization. Steel frame-supported work surface is pull pin adjustable (independent of frame) from 30" to 36"H. Frames are 65"H.

Starter Units include work surface, frame, 2 top supports, and 2 horizontal leg supports.

Add-On Units include work surface, frame, 1 top support, and 1 horizontal leg support.

For ESD laminate surfaces; use Standard Optional Ground Kit 2MXJ3 and Wrist Strap 2WXT8, sold separately, to help protect static-sensitive electronics.
