## Standard Packaging Tape Dispensers

**Handheld**—Tape dispensers hold a roll of self-adhesive packaging tape and have a handle for applying the desired length of tape to packages. **3EGL7** and **3EGL8** feature an innovative taperoll loading that enables "Low Noise." **Ribbed Handle** items feature an adjustable brake that controls tape unwind and eliminates wrinkling.

**Tabletop**—Tape dispensers sit on top of countertops, benches, and packaging tables. The desired length of tape is pulled through the cutting blade and applied to a shipping package or container. **4HY25**—Has a coated steel frame, replaceable serrated blade, and rubber bottom to prevent slipping. 2 mounting holes for securing to work surface. **3FKN8**—Features a weighted design for stability on flat work surfaces. **52JH82**—Features a non-skid base.

## Standard Tamper-Evident Tapes

Used with a hand tape dispenser, tape is designed to stop the theft of valuable goods. Once the tape strip is opened or removed, a hidden message alerts the user that contents may have been tampered with.

**Security Tape. If Word "Opened" Appears, Check Contents.**

## Standard Duty Packaging Tape & Dispenser Combo Packs

■ Clear color

Packaging tape and dispenser packs include combinations of tape rolls and dispensers, eliminating the need to purchase a dispenser separately.

## Strapping Tapes

Strapping tape is fiberglass-reinforced and has high tensile strength and good tear resistance. It is moisture- and solvent-resistant and will not delaminate, split, or crack. It's commonly used on pallets and features a polypropylene tape backing material.

**Light-Duty**—Used for light-duty applications such as strapping tubes together.

**Standard-Duty**—An economical alternative to plastic or metal strapping for strapping heavy boxes together.

**Heavy-Duty**—Strongest option for palletizing, bundling, and sealing cartons for heavy items such as metal pipes.
