GENERAL PURPOSE COMPACT BENCH SCALES

These bench scales are designed for use in general purpose applications.

COMPACT COUNTING BENCH SCALES

These scales offer digital operation. Counting scales can be a powerful asset for parts counting in applications such as inventory and quality inspections in warehouse or production environments.

WASHDOWN GENERAL PURPOSE COMPACT BENCH SCALE

This washdown scale is suitable for use in washdown environments. Features digital operation and offer quick entry of SKU package, item, and tare weights using alphanumeric keypads and dual-line alphanumeric display.

WASHDOWN COMPACT COUNTING BENCH SCALE

Scale is suitable for use in washdown environments, such as industrial and food processing applications. Functions include weighing, checkweighing, and parts counting. IP68 waterproof scale has ABS housing with removable stainless steel platter. Powered by AC adapter and NiMH rechargeable battery.

Lab Scales

- LCD

Precision balance scales provide outstanding weighing performance and can be used for many different things for example, pharmaceuticals, chemical companies, and more.

5RCZ4, 5RCZ5, and 5RCZ6—Functional, portable design include high-contrast backlit LCD, hinged pan cover, low-battery indicator, and auto shutoff. Operate on 2 AAA batteries (included).

5AE95—Compact and portable unit has a low battery indicator and overload and underload indicators. Constructed with a protective snap-on cover and button activated luminescent display. Easy to calibrate. Operate on 2 AAA batteries (included).

3WRE8—Compact and portable IP67 washdown scale is great for harsh industrial environments, wet areas, and kitchens. Removable pan can be fully submersed in water for cleaning. Uses 6 AA batteries or AC adapter (optional). Battery level indicator with auto shutoff.
