Stainless Steel Steam Table Pans and Covers

- Rectangular shape
- NSF Certified

Antijamming feature (except 4NND3) helps prevent pans from sticking together. Pans fit over electrically-heated water pans or chafers. Covers sold separately.

Aluminum Foil & Plastic Film Wrap

Aluminum Foil Rolls—Used to cover food securely and form packets for cooking. Cover pans when cooking or baking for easy clean-up after food preparation.

Aluminum Foil Sheets—Pre-cut sheets are easy to grab; when one sheet is used another

pops up in its place. Ideal for use in the food service industry, when quick wrapping is needed.

Plastic Film Wrap Rolls—Exhibit superior cling properties to help seal in freshness. Easy-to-use cutter on box, so you can choose the precise amount of film wrap needed.
