Perforated Basting Spoon 13 in" L	Crestware	45GK65	1
Perforated Basting Spoon 15 in" L	Crestware	45GK66	1

## Can Openers

**Handheld**—They use a cutting wheel to pierce, cut, and remove lids from cans. They are typically designed for right-hand use.

**Manual**—These attach onto the edge of a counter for added leverage and stability.

**Can Tappers**—Use the pointed end to punch a hole in the lid of a can to drain out the liquid. The other end has a bottle opener to lift off bottle caps commonly found on soft drink and beer bottles.

Color	Overall Length	Overall Width	Material	Brand	Item No.	Pkg. Qty.
<b>Handheld Can Openers</b>
