Wheeled Grills & Griddles

Units cook food and can be moved to different outdoor locations. They are ideal for temporary cooking events. Natural gas and propane units feature water pans to help eliminate grease fires when cooking.

Wheeled Grills—Also known as outdoor charcoal broilers, they feature spaced cooking surfaces for different cooking options.

Wheeled Griddles—Feature front crash bars help protect knobs and valves from damage during transport.

Grill Covers and Hoods

Grill Covers—Help protect grills from the outdoor elements and have a zipper closure to ease installation and removal.

Roll Dome Hoods—Pull down to protect the inside of the grill from the elements. When hoods are down they convert the grill to a convection oven for faster cooking.
