

Poly Bubble Mailers

■ 3/16" bubble

White mailers resist tearing, cushioning and padding items and protecting them from moisture and water. A self-sealing closure secures the contents for shipment. Commonly used for shipping small parts, sample products, and small gift items that aren't fragile.

Paper Bubble Mailers

■ 3/16" bubble

Mailers cost less than poly bubble mailers and are constructed of a kraft color paper envelope with a bubble liner. The self-sealing closure secures the contents in the envelope for shipment, and the liner provides cushioning to protect the item from damage. Commonly used for shipping small parts, sample products, and small gift items that aren't fragile.

Tear-Resistant Poly Mailers

Tear-resistant poly mailers are flexible envelopes that cannot be easily torn open. They are water-resistant and protect the contents against moisture. These envelopes seal closed. They do not have a padded liner and are ideal for mailing clothing and other items that are not fragile.

Stayflat Self-Sealing Chipboard Mailers

Self-sealing chipboard mailers have a flap with an adhesive strip that seals the mailer. To open, pull the strip that tears open the mailer. They are stiff and prevent the contents from folding or bending during shipment and are ideal for shipping flat items such as photos.

Jiffy Rigi Self-Sealing Fiberboard Mailers

Kraft color chipboard flat mailers are made of stiff, thick paper, and they prevent the envelope contents from folding or bending during transit. Feature a self-seal flap. Insert contents and fold over to seal. To open, tear strip. They are ideal for shipping flat items that must not bend, such as photos.

Recycled Padded Mailers

■ Recycled macerated padding material

Mailers contain shredded paper in the lining of the envelope that cushions the contents. These mailers protect small items from damage during shipment, and are recyclable once used.

Stayflat Tab-Locking Chipboard Mailers

Tab-locking chipboard mailers have a tabbed flap that folds over the opening. The tabs lock into slots to close the mailer. The tabs allow the mailer to be opened and reclosed, making the mailer reusable. Stiff paper prevents contents from folding or bending during shipment and are ideal for shipping flat items such as photos.
