Kraft Paper Sheets

This heavy packaging recycled paper can be used to wrap small products by hand or fill space in small boxes to prevent items from shifting during shipping. Precut stacks don't need to be torn or cut to size.

BubbleWrap

Bubble Rolls for General Use

Clear
Flexible plastic material made with regularly spaced air pockets is used to wrap and cushion items inside a package.

Standard—Ideal for e-commerce companies that pack and ship lightweight or midweight items without sharp corners.

Parcel-Ready—Because they're smaller than standard rolls, they are a good choice for small e-commerce businesses that ship low volumes of items and have limited space to store shipping supplies. Meet standard UPS shipping guidelines.

Heavy-Duty—Stronger than standard bubble packaging. The air pockets are made from more layers of plastic, making them ideal for packing heavy or sharp objects edges during transit.

A-Flute Corrugated Wraps

Layered packing material protects fragile items such as glass or china against damage during storage or shipment. A smooth layer of Kraft color paper is glued to a fluted layer that can be cut or torn to size with a utility knife.

Roll Width	Roll Length	Roll Weight	Item No.
3 in	250 ft	36MZ82

36 in	1,200 ft	36 lb	5PGT7
48 in	1,200 ft	48 lb	5PGT8

Bogus Paper Rolls

Bogus paper is soft, making it easy to crumple by hand to fill space in containers. It's an economical choice for wrapping or layering between fragile items such as dishes, glassware, or small decorations. The paper is made from recycled paper fiber and newsprint.

Roll Width	Roll Length	Roll Weight	Item No.
50 lb Basis Weight			
18 in	720 ft	18 lb	5PGR9
24 in	720 ft	24 lb	5PGT0
30 in	720 ft	30 lb	5PGR1
36 in	720 ft	36 lb	5PGR2
48 in	720 ft	48 lb	5PGR3
70 lb Basis Weight			
24 in	1,175 ft	56 lb	5PGP9

Poly-Coated Paper Rolls

This packaging material is made from heavy, stiff Kraft paper that has been coated with a wax layer on one side. It's a good choice for wrapping metal parts or items that must avoid contact with moisture, because the coating protects items against oil, grease, and water.

Roll Width	Roll Length	Roll Weight	Item No.
50 lb Basis Weight			
18 in	600 ft	18 lb	5PGL0
24 in	600 ft	24 lb	5PGL1
36 in	600 ft	36 lb	5PGL2
48 in	600 ft	48 lb	5PGL3

Anti-Static Bubble Rolls

Anti-static material protects against electrostatic discharge (ESD), and is a good choice for packaging electronic devices or computers.
