**Airblade Touchless Automatic Hand Dryers**

dyson

- Integral nozzle
- ADA Compliant

Provides an extremely fast and hygienic way to dry hands. 50% quieter than original Dyson Airblade dryers and tough enough for high-traffic areas. HEPA filter removes 99.97% of bacteria at 0.3 microns from

air used to dry hands. Engineered to fit a variety of restroom environments. 55MU84 has a 4 inch, compact design to conserve space. 489J80 and 489J76 are tap-operated combination units that allow you to wash and dry hands at the sink.

**Hand Dryer Floor Mats**

impact

Mats absorb excess water dripping from washed hands. Place these floor mats below hand dryers, towel dispensers, or sinks in public or workplace restrooms.
