Safety Cones, Systems, and Barricade Signs

All cones have a yellow background, except 6VKP6 is orange. Legend text is black for all cones and signs.

Safety Cones—Stack standard cones to reduce storage space. Collapsible cones compress and store in a tube mounted to the wall.

Safety Cone Systems—6VKT0 includes (2) 20 ft yellow plastic chains, (2) signs, (3) red flashing lights, (4) message labels, and (5) yellow cones. 2LEC8 includes (1) cone, (1) 20 lb weight ring, and (1) nylon barricade belt. 2 units are required to make complete system.

Accessories—2LED3 helps stabilize 36 in safety cones. Flashing Light requires one D battery, not included. 2LED2 snaps into the top of 36 in cones to hold standard rigid signs. 6VKT2 is injection-molded polypropylene for high-traffic indoor areas. 6GJA1 adhesive-mount, plastic labels are compatible with safety cones. Sign legends are: Slippery Wet Floor Please Walk To The Right, Slippery, Wet Floor Please Walk To The Left, Watch Your Step. Have as yellow background with black and red legend text.

Door Barricade Signs—2LEB6 telescopes 42 in to 72 in, and 6GJA0 telescopes 30 in to 44 in to close off areas to foot traffic. Double-locking design with adjustable torsion lock and rubber ends grip the door frame or wall.
