

Inflatable Beds

Feature extra-durable, puncture-resistant construction and turbo-speed built-in pump (except 469C25, 469C26, and 469C27) that provides fast and easy inflation. Provide automatic shutoff when bed is fully inflated. Exclusive oversized rapid release valve deflates bed in seconds. Reinforced bed construction keeps air distributed evenly all night. Roll up and store conveniently in oversized carrying bag. Include machine washable mattress cover.

Replacement Pumps—For use with Boston and Coleman double lock and pinch valves.

Sealed Institutional Mattresses

Feature a fully-sealed, antimicrobial, and hypoallergenic cover and strong RF welds to keep out fluids and other contaminants. Cover is vented to help prevent moisture buildup. Mattresses with clear vinyl cover hinder contraband concealment. Ideal for the specific needs of prisons, shelters, and healthcare.

Institutional Bunks and Beds

■ Polyethylene construction

Feature durable, one-piece, rotationally-molded design for increased strength. These beds are easy to clean and maintain and are stain-resistant. Ideal for use in correctional and behavioral health facilities, residential institutions, and public safety facilities. Endurance Bunk has molded-in side slots for property box storage and can be reverse-mounted to eliminate property box storage feature. Endurance Bed 2.0 is designed with lower side rails that help make entry and exit easier, and end shelving provides open storage for personal items.
