Aluminum Bleachers

Feature all aluminum construction. Tip & roll bleachers have swivel casters for movement, and caster brakes keep the bleacher from rolling when stored as well as non-marring rubber footpads to protect wood floors. Always check your local code for bleachers to ensure you are compliant. ADA options are available; go to Grainger.com and search "ADA Compliant Aluminum Bleachers".

Commercial-Grade Resin Chairs, Tables, and Umbrellas

Durable, weather-resistant outdoor furniture is constructed for heavy-duty use in commercial environments. Molded melamine table tops are highly weather-resistant, as well as burn-, heat-, and scratch-resistant, to help minimize maintenance costs. ASTM tested 400-lb. weight capacity meets the high performance standards for nonresidential use. Include manufacturer commercial warranty.

Market Umbrellas—Provide shade and protection from the elements in outside food areas. 2-pc. wooden construction includes corrosion-resistant brass connectors, durable and color-fast canopy acrylic fabric, 8 ribs and a wind vent.

Umbrella Bases—Secure umbrellas to tables. 6DVK1 is sand- or water-filled and features a nonmarring resin glide. 6DVH3 is cement-filled and features molded anchor bolt holes to secure base to deck. UV-resistant and easy to clean with soap and water.
