

Find more Broom information on page 1483.

Angle Broom Heads

Heads restore brooms to full working order. They have angled bristles cut at a sharp slant to reach into narrow spaces and tight corners.

For Smooth Surfaces							
Medium	9 in	7 in	Synthetic	Recycled PET	Yellow	Plastic	6YTD1

Corn Broom Heads

Replacement heads restore worn or broken corn brooms. They have long bristles made from stiff corn fiber to clean fine dirt and heavy debris from most dry surfaces. Heads are stitched to maintain the broom shape.

Sweep Face	Bristle Length	Bristle Type	Bristle Material	Bristle Color	Block Material	Item No.
Medium Bristles						
12 in	9 3/4 in	Natural	Corn Fiber	Natural	None	6PVY1
13 in	10 in	Natural	Corn Fiber	Natural	None	6PVY2
Stiff Bristles						
14 in	9 3/4 in	Natural	Corn Fiber	Natural	None	6PVY0

Floor Sweeping Compounds

Compounds are sprinkled on floors to combat everyday dirt. They keep dust and dirt confined to floor areas during cleanup, diminishing the spread and inhalation of dust. Gritted sweeping compounds act as an abrasive, helping to loosen grime and dirt stuck to floors while sweeping floors at construction sites, warehouses, or garages. Gritless sweeping compounds do not include abrasives and will not scratch or mark finished floors in schools, museums, and gyms.

Standard Thread Bamboo w/Alloy Tip 1VAJ9

Standard Thred Fiberglass w/Nylon Tip 1VAC6

European Thread Fiberglass w/Polypropylene Tip 3ZDX4

Bolt-On Wood w/Metal Tip 39AR63

Tapered Bamboo w/Bamboo Tip 3ZHY2

Tapered Wood w/Wood Tip 53GX74

Broom & Brush Handles

Handles connect to a broom or brush head to add a different handle or extend the reach of existing brooms and brushes. **Standard thread connections** only screw into brooms or brush heads with compatible standard (or ACME) threads for a secure attachment. **European thread connections** will only attach to broom or brush heads with compatible European threads for a secure attachment. **Bolt-on connection** handles grip broom heads for a more secure connection than threaded or tapered handles. **Tapered connection** handles have no threading and fit into a matching hole on the broom head or into bolt-on adaptors.
