## Adjustable AC Voltage Supplies

Operable on 60/50 Hz at  $\pm 10\%$  rated line voltage. For universal, shaded pole, and PSC (permanent split capacitor) 1-phase AC motors. Suitable for use in fans, blowers, pumps, vibratory feeders, and heating and lighting applications.

**Note:** Check with motor manufacturer before using. Not for use with split-phase or capacitor-start motors.

## CHASSIS

Supplied with speed pot. knob. and dial plate.

## NEMA 1

Feature rugged housing, power On/Off switch, power indicator lamp, front-access fuse protection, and input and output cords and plugs.

**120VAC**

Include a standard male wall plug with 18" cord and female output connector integral to housing.

**240VAC**

Include 6-ft. input and output cords. Cord leads are prepped for wiring to suitable connector.
