

General Purpose Dry Wipes

Dry wipes absorb spills, clean messes, and dust surfaces. Use as an alternative to cloth towels to help prevent cross-contamination and to paper towels for added strength. Wipes come with different levels of absorbency and strength.

Light-Duty Small Task Wipes—Single-use task wipes are commonly used to clean smaller spills and messes on glass and smooth surfaces.

Medium-Duty Routine Task Wipes—Wipes have a cloth-like softness for cleaning and polishing, as well as wiping hands and faces.

Heavy-Duty Large Task Wipes—Clean large surface areas on equipment and in vehicles. Disposable, absorbent alternative to economy rags.

Extra Heavy-Duty Repeat Task Wipes—Resistant to harsh cleaning agents, these wipes can be used many times before discarding. Use on abrasive surfaces to clean up oil, dirt, and grime. An alternative to premium rags and shop towels.

Absorbency Level	Wet Strength Level	Product Series	Sheet Size	No. of Sheets	Color	Mfr. Model	Item No.	Pkg. Qty.
