

Hospital Isolation Bags

Coreless rolls

Bags with legends are printed in English and Spanish to identify contents: Infectious Waste (red) and Infectious Linen (yellow). Bags without a legend are for Noncontagious Linen (blue and green). Color-coded to manage disposal. HDPE bags are lightweight and moisture-resistant for collecting soft refuse such as paper towels, paper, and linen. LLDPE bags are tear- and puncture-resistant for collecting heavy refuse and items with sharp corners, such as glass, plastic, and cardboard.

Cap.	Color	Legend	W	H	Thickness	Item No.	Pkg. Qty.

30 gal	16 in	35 in	Brown	4JMZ4	5

Paper Trash Bags

Sani-Liner paper bags are used where plastic bags aren't suitable, including behavioral or mental health facilities where plastic could pose a suffocation risk to patients. These bags line trash cans and receptacles to keep cans clean and make trash collection easier. Bags are water-resistant.
