**Toilet & Urinal Cleaners**

Cleaners keep bathrooms clean and odor free. They break down stains, urine, rust, limescale, and mineral deposits to keep the water in toilet bowls and urinals clear. They also disinfect and deodorize surfaces to eliminate odors and prevent bacteria growth. Cleaners with thickeners cling to surfaces as they break up and penetrate soils.

**Urine Removers**

Ready-to-use liquid urine removers eliminate urine odors and break down urine stains on most hard and soft surfaces including grout, walls, carpets, upholstery, mattresses, and flooring. Unscented removers also clean up bodily fluids including feces, blood, and vomit.

**Multisurface Bathroom Cleaners**

Cleaners clean a wide range of bathroom fixtures and surfaces, removing soap scum, soil, and grime, plus deodorize and disinfect surfaces. They also clean bathroom sinks, tubs, showers, and tile, eliminating the need for multiple bathroom cleaners in healthcare facilities, schools, locker rooms, and hotels.

**Toilet Tank Cleaner**

Reduce the buildup of damaging deposits and stains inside toilet tanks with this ready-to-use powder cleaner. The strong citric acid formula removes hard water deposits, calcium, and rust, prolonging the life of toilet components. Safe for all toilet tanks in healthcare, educational, and industrial/manufacturing facilities.
