Twist 'N Fill Dilution Control System

DISPENSER

Features a pressure-relief fitting that dilutes chemical concentrates with water to accurately and safely dispense cleaning products. Air gap prevents chemical backflow into water supply.

WIRE SHELF

Provides neat storage and easy accessibility of chemicals.

DILUTION CONTROL CHEMICALS

Choose a concentrate, insert the bottle into the dispenser, twist, and fill bottles and buckets with the appropriate solution strength for cleaning.

PREPRINTED BOTTLES

Dispense mixed cleaning chemicals into labeled white bottles and sprayers. Pkg. of 12.

Description	No. of Chemicals Dispensed	Dispenser Fills	Item No.
Dilution Control Dispenser and Shelf Wall Mount			
Twist 'n Fill Dispenser	1	Bottles, Buckets	2U692
Wire Shelf for (4) 2 L Bottles			2BV53
		Container Cap.	Item No.
Dilution Control Preprinted Bottles with Spout—Stream			
3M Bathroom Disinfectant Cleaner Concentrate 4	32 oz		1GH05
Dilution Control Preprinted Bottles with Sprayer—Mist, Stream			
3M Bathroom Disinfectant Cleaner Concentrate 4	4 L		1HH98
3M General Purpose Cleaner 8	32 oz		1GH06
3M Glass Cleaner 1	1 L		2AV87
3M Heavy Duty Multi-Surface Cleaner 2	2 L		1HH99
3M Quat Disinfectant Cleaner Concentrate 5	5 L		1HH97

Flow Control Dilution Control Systems

Dispensers minimize worker interaction with chemicals by delivering accurately diluted cleaning solutions directly into containers.

Portable Water Hose and Quick Connect Kit—Reusable, movable kit brings highly accurate dilutions to on-the-go convenience.

Wall-Mount Dispenser—Uses simple two-dial dispensing, and includes a three-point locking system to limit chemical exposure and help prevent theft. Small cabinet size fits compact spaces.

Dilution Control Chemicals—Feature numbered and color-coded labels for easy identification.
