

3M Easy Scrub Mopping Systems

EASY SCRUB FLAT MOP SYSTEM

- Mop handle holds 15 oz. of solution
- 54" standard handle

Push-button and squeeze bottle systems provide liquid on-demand. Common applications include patient rooms, classrooms, stairwells, restrooms, and spot mopping.

Buddy Jug—2½ gal. dispensing container. Safe with general disinfectant cleaners with pH from 7 to 10.

EASY SCRUB EXPRESS FLAT MOP SYSTEM

- 38" to 59½" aluminum handle

Quickly and easily change out chemicals. Swivel head.

Express Mop Tool and Starter Kit—1EKB2 includes an aluminum telescopic handle/pole and 16" mop pad holder. Simple press of a button dispenses cleaning solution. 30XJ20 includes flat mop tool, 12 (11 oz.) bottles, caddy, two 18" flat microfiber mops, ½ gal. pour jug, three blank sheets, and label CD.

Express Bottles—Squeezable bottles hold 11½ oz. of cleaning solution and fit in mop handle.

Express Bottle Caddy—Portable, holds up to twelve 11½ oz. Express bottles (1EKB4).

MICROFIBER FLAT MOPS

Clean and remove stuck on dirt and debris. Polypropylene scrub stripes are intertwined with absorbent microfibers. Washable. Color-coded borders help reduce cross-contamination. Red for restroom floors. Blue for operating and emergency rooms. Green for kitchen floors. White for general floors and dining floors in facilities, or patient rooms and public areas in healthcare facilities. Use 1CPH4 for textured surfaces such as ceramic tile, quarry tile, natural stone, etc.

SPHERGO Microfiber Flat Mop Starter Kit

Spherical ball handle on the base tool allows the user to reduce musculoskeletal stresses common to manual cleaning with traditional wiping systems. Cleaning surface rotates around the ball handle to minimize wrist motions, bending, and straining. Kit includes a telescoping aluminum handle (extends up to 62") with socket, a 24" extended reach pole with socket, 2 surface cleaning tools (medium and large), 3 medium MicroWorks flat pads, 3 medium MicroWorks flat specialty pads, and 3 large MicroWorks flat pads.

PULSE Floor Cleaning Systems

PULSE—56" handle accepts 11", 18", and 24" frames and mops. Large, ergonomic trigger releases solution in 3 streams to edges of the frame. For cleaning chemicals only; not for floor finishes or bleach. Includes 2 cleaning pads, see page 1534 for replacements.

Refill Caddy 2FTR9 attaches to the cleaning system, allows for cleaning an additional 10,000 sq. ft.

PULSE with Double-Sided Frame

Productive floor cleaning system combines dusting and wet mopping with one convenient tool. Include 2 microfiber pads.

3M SCOTCHGARD PROTECTOR Easy Shine Floor Finish Applicator System

Floor Finish Applicator Kit—Includes mop handle, applicator pad holder, canvas backpack, two 18" applicator pads, chemical supply tubing and pouch connector, 5 dispenser tubes, and a reusable extended storage cleaning bag.

Floor Protector Chemicals—Ready-to-use liquid bag floor protectors provide the first layer of protection by filling uneven and porous surfaces and creating a semi-permanent layer with high chemical resistance. Sealers provide the base coat for floor finishes. High gloss finish type.

Chemical Fill Station—Gravity-fed funnel system includes five 1-gal. reusable pouches and 10 blank labels. Station directly fills pouches from containers.
