**Mopster Bucketless Mopping System**

Eliminates the need for conventional mop buckets and wringers and reduces water usage and labor costs. Complete system includes 18" hook-and-loop frame, disposable microfiber pad, 32 oz. dispensing bottle, and 54" handle. Components are all interchangeable and removable. Bottle includes a large, easy-to-fill tethered cap with an integrated hanger. Hanger makes it easy to store multiple bottles on a cart.
