

# Floor Sweeping Compounds

Compounds are sprinkled on floors to combat everyday dirt. These compounds keep dust and dirt confined to floor areas during cleanup, diminishing the spread and inhalation of dust. Gritted sweeping compounds act as an abrasive, helping to loosen grime and dirt stuck to floors while sweeping floors at construction sites, warehouses, or garages. Gritless sweeping compounds do not include abrasives and will not scratch or mark finished floors in schools, museums, and gyms.

# Synthetic-Fill and Natural-Fiber Brooms

### Lobby

Polypropylene bristles sweep efficiently and small head design fits easily in any corner.

# Angle

Angled trim reaches under low cabinets and into other hard-to-reach places. Durable flagged fill. 1NFG2 intense use broom is an all-plastic broom with internal honeycomb style fiber handle that is hot melted and plugged for additional strength and security. Suitable for correctional facilities.

# **NATURAL-FIBER BROOMS**

### 100% Corn Fiber

Use for everyday sweeping of fine dirt and debris on most surfaces. Multistitched to maintain broom shape and performance.

# **Corn Fiber Blend**

1VAC3 intense use broom has no-wire construction.
