## Institutional Floor Squeegees and Handle

**Squeegees**—All-plastic head and 1-pc. molded frame feature a heavy-duty 3/4" neoprene blade. 1NFG5 incorporates a full-length scrub brush into the frame. Threaded compression holes attach squeegee head to standard, square-cut handles.

**Handle**—Structural honeycomb ribs provide maximum strength and safety for correctional and intense use environments. Uses no metal parts and will not rust.
