## Fix-Clamp

Adjustable clamp tightly grips mops, brushes, sponges, rags, and chamois. Use with Unger OptiLoc and Tele-Plus telescoping poles, sold separately below.

Material	Mfr. Model	Item No.
Nylon Plastic	FIX10	3U451

2-Section Extension Pole 3U442

## Extension Poles and Adapters

**OptiLoc Telescopic**—Strong anodized aluminum poles are ideal for high window cleaning, dusting, and light bulb changing. Durable nylon locking collars lock and loosen in 1/2 turns.

**Tele-Plus**—5-section modular design offers versatile, multiple-length use.

**Cranked Joint Angle Adapter**—Holds a variety of tools and snaps into all Unger telescoping poles. Adjusts cleaning tools at any angle up to 300° for hard-to-reach applications.

## Handheld Scrapers

Use the blunt edge for delicate, uneven floor surfaces and the razor edge for scraping gum, paint, tape, and caked-on dirt off smooth, hard surfaces such as tile floors and windows.

**ErgoTec Scraper**—Ergonomic nylon grip and 4" handle.

**The Brute**—Effective for multiple surfaces, and features an ergonomic grip. Reversible 4" blade and 12" handle.

**MaxiScraper**—Lightweight yet durable with ergonomic rubber nonslip comfort grip. Change blades with the push of a button. Safety cover snaps securely over blade.

**Pro Trim 10**—Fits in your hand or pocket. Textured surface and nonslip material for cold and wet conditions. Integrated blade guard locks open or closed for safe storage. Has two sharp edges.

**ErgoTec Safety**—Locking mechanism prevents blade from sliding out while working. Features a single-edge blade.
