

Brush & Roller Cover Cleaner 44ZU23

Paint Spray Gun Cleaner 41U087

Denatured Alcohol 20K854

Paint Applicator Cleaners

Brush & Roller Cover Cleaner—Removes hardened or dried latex and oil-based paints, enamels, shellacs, varnishes, lacquers, and polyurethanes from bristle brushes, artist brushes, and equipment after painting.

Paint Spray Gun Cleaner—Aerosol removes waterborne and solvent-based coatings from metal, plastic, and composite surfaces. Cleaner has a high-powered spray nozzle to help reduce the amount of cleaning solvent used and helps lessens cleaning time.

Denatured Alcohol—A clean-burning fuel that produces an odorless and smokeless flame used in marine stoves and other alcohol-burning appliances.

Application	Base Type	Product Form	Strength	Contains	Container Size	Brand	Item No.	Pkg. Qty.
Brush & Roller Cover Cleaner Cleans Brushes & Rollers, Removes Latex and Oil-Based Paints/Enamels/Shellacs/Varnishes/Lacquers	Water	Liquid	Regular	Tetrasodium Ethylenediaminetetraacetate	1 qt	M-1	44ZU23	1
Paint Spray Gun Cleaner Paint Cleaner	Solvent	Spray	Extra-Strength	Solvent	15 oz	Herkules	41U087	6
Denatured Alcohol Alcohol Appliance Fuel, Marine Stove Fuel	Solvent	Liquid	—	Ethanol, Methanol	1 qt	Sunnyside	20K853	1
	Solvent	Liquid	—	Ethanol, Methanol	1 gal	Sunnyside	20K854	1
	Solvent	Liquid	—	Ethanol, Methanol	5 gal	Sunnyside	44ZU09	1

Preparation Cleaning

Pre-Coating Cleaner—Designed to wash down walls, window/door frames, floors and metals to remove dust, loose paint, wallpaper paste and grit prior to painting. Bottled liquid cleaner requires no further rinsing after the surfaces are wiped down. Removes any type of debris that would prevent a smooth coat of paint.

Muriatic Acid—A bottled liquid diluted solution of hydrochloric acid and is used for a variety of heavy-duty tasks, such as removing salt deposits on rock or stucco. It is also used to remove rust and stain from concrete and brick.

Pre-Coating Cleaner 44ZU16

Muriatic Acid 44ZU25

Application	Remover Type	Container Size	Brand	Item No.
Pre-Coating Cleaner Water Base Cleans Dirt, Oil, and Grease From Wood and Metal Prior to Refinishing	Cleaner and Degreaser	1 qt	M-1	44ZU16
Muriatic Acid Acid Base Balances pH Levels In Pools, Removes Rust, Mineral Spirits, Deposits From Tools and Other Steel Items	Muriatic Acid Replacement	1 gal	Green Envoy	5KPY1
Solvent Base Balances pH In Pools, Cleans Masonry, Brick and Concrete	Cleaner and Degreaser	1 gal	Sunnyside	44ZU25

Spring-Loaded Poles 4FPK3

Self-Adhesive Zipper

Spring-Loaded Poles

Dust Barrier Poles

Temporary dust barrier poles create makeshift clean zones in construction areas to stop the spread of paint spray or dust into occupied areas. Two spring-loaded poles can hold a dust barrier that is up to 12' high. Poles can be easily adjusted as the barrier room moves around a jobsite.

Item	Maximum Extension Height	Minimum Extension Height	Material	Color	Includes	Brand	Mr. Model	Item No.	Pkg. Qty.

Tape 6DLT1

Zipper 9UTK2

Dust Barrier Zippers & Tape

Zippers and tape help seal off barrier walls and rooms. The zippers attach to doors to open and close them. Tape adheres the plastic film to the walls and ceilings.
