

**Glutton Series Square Plastic Outdoor Trash Cans and Tops**

Hold more trash than round cans with a similar footprint. Heavy-duty plastic resists fading, cracking, and denting, and are lighter and more dent-resistant than metal cans making them easier to move. Collect and contain waste with or without trash bags. Cans and tops sold separately.

**Fire-Resistant Metal Trash Cans**

Use indoors and outdoors to collect waste in office buildings, parking garages, walkways, and other high-traffic areas. Metal doesn't absorb odors, resists fire and corrosion, and will not warp when used in hot or sunny locations or crack in cold weather. Open-top design fits under a desk or table or against a wall to save space.
