

Spray Booth Coatings

- Applies with airless, HVL, or conventional spray equipment
- Environmentally friendly formula is VOC < 164g/l

Nonflammable, water-based coatings protect against hazardous overspray accumulation. Dries quickly to form a flexible film that can be cleaned of overspray with just soap and water.

ASME Paint Tanks

BINKS

- Meet OSHA regulations for using flammable and combustible materials
- 2½-gal. capacity

ASME-coded, zinc-plated pressure tanks provide an economical option for supplying paint. Ideal for use with solvent-based coatings.

41U068—Includes 1 regulator and 1 liner.

2TKN8 and **6MVG3**—Include 2 regulators and liner. 6MVG3 includes stainless cover and fluid outlet.

6URD2—Includes direct drive agitator and 2 regulators.

5PVF2—Includes Compact Spray Gun 5PVE9, 25-ft. air hose, 25-ft. fluid hose, and 15-ft. air supply hose assembly.

2TKN9—Includes Conventional Spray Gun 19ZF51 with air cap and fluid nozzle, pressure tank with 2 regulators, 25-ft. fluid and air hoses, and 15-ft. air supply hose assembly.

3M PPS Series 2.0 Spray Cup System Kits

Allows painters a more efficient method of mixing/measuring, filtering, and spraying; applying paint that is faster, easier, and cleaner. This disposable system provides a new cup in every lid and liner kit, prohibiting paint build-up. 4-pt. connection with quarter-turn lid locking system comes with every lid. Domed lid with full diameter filter helps reduce spitting, improving flow and consistency.

HYDE
For a better Reach, start with HYDE.

Airless Spray Gun Extension Poles

AnglePRO—Allow access to hard-to-reach areas. Slide handle provides tip control for angles up to 145°. For use with all airless spray-tips.

QuickReach—Telescoping poles give maximum extension for painting exteriors, cathedral ceilings or areas normally reached on a ladder. Can be used with all major brands of spray guns.

Trade Name	Item	L	Mfr. Model	Item No.
