## Battery-Operated Floor Burnishers

Provide 15- to 40-lb. of pad pressure and floating suction head for excellent pad-to-floor contact. Deliver propane-like gloss in an ultraquiet, ergonomic, and easy-to-use machine. Built-in dust control system captures 0.3 micron particles for improved air quality. Low-profile design for cleaning under shelves and fixtures. Feature onboard user graphics and troubleshooting guide. Burnish small and large areas quickly and efficiently. Cover up to 21,000 sq. ft./hr. with 2.5 hr. run time on a single charge.

Motor	Power Source	Brush Speed	Pad Size	Item No.
<b>Active Dust Control with HEPA Filtration at 99.97% and At 0.3 Micron</b>				
2.8 hp	(3) 12V 185A	2,100 RPM	20 in	31YA62
2.8 hp	(3) 12V 225A	2,100 RPM	20 in	31YA63
3.6 hp	(6) 6V 240A	1,875 RPM	24 in	31YA64
3.6 hp	(6) 6V 330A	1,875 RPM	27 in	31YA65

## High-Speed Burnishers

- 50-ft. power cord
- ### HIGH-SPEED BURNISHER

High-speed, all-metal burnisher has large transport wheels for easy maneuverability. Safety lockout switch ensures machine free-floating head is only used by a trained operator. Includes pad driver.

### DUST-CONTROL BURNISHER

High-speed burnisher provides a high gloss finish while controlling dust. Includes folding handle, handle-mounted release, safety lockout switch, and pad driver.

Description	Motor	Power Source	Brush Speed	Pad Size	Item No.
<b>Burnishers</b>					
High-Speed Burnisher	1.5 hp	115V AC, 60 Hz, 13.5A	1,500 rpm	20 in	4NEK5
Dust Control Burnisher	1.5 hp	120V AC, 60 Hz, 14A	2,000 rpm	20 in	14X834
<b>Collection Bags for 14X834</b>					
1L Cap. Bags, Pkg. of 5					14X835

## High-Speed Burnishers

- 75-ft. power cord

**BR-1600-NDC**—Free-floating pad driver provides a high shine on uneven floors. Constructed of noncorrosive rotationally-molded plastic. Can operate off a 15 amp circuit and can cover over 10,000 sq. ft./hr.

**BR-2000-DC**—Smooth operation with extremely low vibration reduces operator fatigue. Free-floating head produces even results on uneven floors with a 2000 rpm motor for excellent gloss. Flexible dust skirt and dust control system captures 0.3 micron particles. Folding handle for easy storage and transport. Covers 15,000 sq. ft./hr.

Description	Motor	Power Source	Brush Speed	Pad Size	Item No.
BR-1600-NDC	1.5 hp	115V AC,	1,600 rpm	20 in	4VDX5
BR-2000-DC	1.5 hp	60 Hz, 15A	2,000 rpm	20 in	4VDX4
