

Mid-Size Walk-Behind Floor Scrubbers and Brushes

Large drive wheels and tight wheel base coupled with a parabolic squeegee provides maneuverability and easy water pick up on turns. Constructed with noncorroding scrub deck and roto-molded tanks; built for commercial and light industrial use. Ideal for noise-sensitive environments. Feature 1-button, quick-train controls and no-tool squeegee change for easy operator training. Cleans up to 20,000 sq. ft. per hr. Console is height adjustable and the onboard charger allows the unit to be easily stored.

Cylindrical Deck—Operates at 68 dB.

Disc-Style Deck—Operates at 67 dB.
