**Surface Protectors**

- Surface Protection, Film—**  
**A.** Self-adhesive film applies quickly and removes easily. Non-slip surface grips carpet firmly. Tear- and puncture-resistant.  
**B.** Clear, self-adhering protective film for all types of carpeting.  
**C.** Reverse-wound non-skid film is easy to apply and protects against spills, dirt, and foot traffic. Removes with no residue.  
**D.** Great for painting and staining. The cloth side absorbs while the coated side is leak-resistant.  
**E.** Heavy-duty, absorbent, slip-resistant, and reusable. Long-lasting and easy-to-clean.  
**F.** Fire-retardant, leakproof, durable, and reusable.  
**G.** Pre-taped along one edge of high-density masking film. Perfect for use in areas when painting.  
**H.** Protective film for HVAC ducts. Helps to meet SMACNA guidelines.  
**I.** Reusable cover holds in place with elastic and fits most standard toilets.

- Surface Protection, Paper—**  
**J.** Features liquid shield technology that defends floors and other hard surfaces from water, paint, and mud.  
**K.** Economical kraft construction paper, in easy-to-handle rolls, is large enough for several projects.  
**L.** Construction-grade paper protects flooring, cabinets, and counter tops from foot traffic, paint, and spills.  
**M.** Breathable to allow floors to continue the curing process.  
**Window Shield Self-Adhesive Film—**Provide protection to windows and glass.  
**Carpet Film Applicator—**Features a roller design that allows for fast application. Steel construction adjusts to fit 24", 36", and 48" rolls.  
**Dust Containment Pole—**Use with plastic sheeting to keep debris and dust contained to the work area.
