**Airless Line Strippers**

■ See striping paints on page 1610

**LineLazer 3400**—This 1-gun, airless stripper is perfect for small parking lots, schools, park and recreation departments, factory safety lines, and re-stripe jobs.

**LineLazer 3900**—This 2-gun airless stripper is ideal for parking lots, roadways, athletic fields, and factory safety lines.

**LineLazer 5900**—Designed for larger striping jobs such as large parking facilities, roadways, athletic fields, and factory lines.

**LineLazer ES**—Powered by a high-output battery which allows it to be used safely indoors for factory safety lines as well as jobs where noise is a concern. 53JT70 includes 2 batteries.

**High Volume, Low Pressure (HVLV) Sprayers**

**CS MAX HVLV SPRAYER SYSTEM**

■ 2-Stage  
Variable air pressure control reduces overspray and improves precision.

**CAPSPRAY 75**

■ 3-Stage  
Turbine features 25-ft. air hose. Use with stains, lacquers, enamels, and most multicolor coatings.

**CAPSPRAY 95**

■ 4-Stage  
Turbine features 30-ft. air hose.

**HVLV POWER CART**

Features 2 1/2-gal. pressure pot and 30-ft. hose. For long applications use with 2PCX5 and 2PCX1.
