

Leather Driver's Gloves

- Full leather palm and back
- Gunn cut
- Unlined
- Shirred slip-on cuff

Cowhide gloves offer a good balance of abrasion resistance, dexterity, durability, and comfort for everyday general maintenance, construction, and industrial tasks. H4152 has cowhide palm and split leather back. J3520 has double palm to increase strength and wear resistance. J3527 is sewn with Kevlar.

Deerskin gloves are naturally soft and comfortable for extended wear.

Goatskin gloves are a very supple leather with a soft feel and excellent flexibility.

Pigskin gloves offer excellent abrasion resistance and retain their softness, even after exposure to water and moisture.

Leather Palm Work Gloves

Provide abrasion resistance and protection for heavy-duty jobs. Durable leather palms with comfortable, breathable backs. Lined gloves keep hands warm when working in cold environments. Gunn cut, except gloves with straight thumb style are clute cut. Strong polyester stitching except where noted. Hi-Vis gloves have 3M Scotchlite reflective material.
