| Carbon | 60 min | 4500 | 917160 | 16N403 |

1AAK9

Mouthbit Emergency Escape Respirators

Designed for emergency escape from non-IDLH contaminated atmospheres. The optional Carrying Bag 1AAL1 has belt loops so you can keep your respirator close at hand for quick access.

| Description | Used For | Mfr. Model | Item No. |
|--------------------|----------|------------|----------|
| Escape Respirators | Acid Gas | 7902 | 4GM24 |
| | Ammonia | 7904 | 1AAK9 |
| Carrying Bag | | 79BAG | 1AAL1 |

1LYP1

CBRN Emergency Escape Hood

Clear polyurethane lens and hood with neck seal, dual cartridges, and thermo-plastic elastomeric mask. NIOSH approved CAP 2 for minimum of 30 minutes of protection for escape from non-IDLH atmospheres. Universal size.

| Description | Mfr. Model | Item No. |
|---|------------|----------|
| CBRN Emergency Escape Respirator Hood | ER2000CBRN | 1LYP1 |
| Carrying Bag | ERBAG | 1LYP2 |
| Training Kit Includes (2) Cartridge Labels and Instructions | ERTRAIN | 1LYN9 |

Emergency Breathing Apparatus

■ NIOSH approved

TransAire® units include a filled aluminum cylinder, yellow nylon carrier, 30" black rubber hood tube, and universal-size clear polyurethane tube assembly.

| Escape Duration (min.) | Flow Rate | PSI | Mfr. Model | Item No. |
|------------------------|-----------|-------|------------|----------|
| 5 min | 40 lpm | 2,216 | 10008292 | 1DKR8 |
| 10 min | 40 lpm | 3,000 | 10008293 | 1DKR9 |
