

Tyvek IsoClean Controlled Environment Clothing

- ISO Class 5 to 8
- White color

Protective material creates an effective barrier against dry particulates, nonhazardous liquids, and microorganisms.

Available options include clean processed and sterilized, clean processed, and sterile. Individually packaged. Ideal for critical environments. A bulk packaged option is also available. Bound-seam garments provide a higher protection level than serge-seam garments.

Shoe/Boot Covers and Masks

ProShield Shoe and Boot Covers—Durable shoe and boot covers provide slip-resistance in both wet and dry conditions.

Sierra Masks—Bacteria and particle filtration efficacy.

Boot Covers—Boot covers help protect your footwear in areas with biological and chemical liquids. Elastic top provides a secure fit and the tall height accommodates most boots.

- Calf height
